ABi African Bioinformatics Institute

DATA GOVERNANCE WEBINAR SERIES

Building Capacity for Bioinformatics Data Management in Africa

SERIES OVERVIEW

This webinar series explores the critical importance of data governance in African Bioinformatics. We will discuss best practices, policies, and frameworks to ensure effective, ethical, and secure management of genomic, biodiversity, and health data, aiming to empower researchers and institutions across the continent.

THIS MONTH'S SPEAKER

Aliki Edgcumbe

Lecturer, University of KwaZulu-Natal

SCHEDULE

| 26 March 2026 | 3pm CAT |

THEME: LEGAL & ETHICAL FRAMEWORKS IN AFRICAN CONTEXTS

SESSION FORMAT

60 Minutes

45 min presentation + 15 min Q&A

REGISTRATION
